Description

Although officially identified as a 3 bedroom, in the lower level at the back, there is an extra 30m² multipurpose room with window which can easily become another bedroom/study/office/games room, whatever. The property is accessed from the street just about at roof level, through stairs leading down to a front patio. Main entrance door opens to a corridor, facing an independent bathroom in front, equipped with hands washing basin, sanitary and shower units. The first double bedroom is off to the left, with fitted wardrobe and a standard window to the front patio. The spacious fully equipped kitchen follows to the right. There is a window to the front patio and a very convenient breakfast counter opening to the lounge.

The very spacious lounge with a wood burner, is well illuminated by natural light through a conventional window and two French windows, which open to a veranda. This veranda/mini terrace is one of the highlights of this property, as it is covered; it is big and equipped with settees, coffee table, dining table, chairs. There is also an open built in wall unit already wired up with power and satellite TV. A great area for relaxation and enjoyment of the fantastic view of the sea and the endless coast stretching easterly to Portimão.

Downstairs there are 3 more rooms: The 30m² studio already referred to; main bedroom + en suite bathroom complete with double hands washing basin, bath tub and sanitary units set; and another double bedroom + en suite bathroom with shower unit. Both bedrooms have fitted wardrobes and French windows to an outside terrace with a pergola, facing the complex and sea in the background.
